

Pavia, capital of rice

Italy

Attribution : Pavia capitale du riz

Pavia is the main rice production area in Europe. Thanks to centuries of effort, the territory of Pavia has been shaped and transformed into a paradise for agriculture and, in particular, rice cultivation.

Useful information

Category : Local produce

Détail : Regional dish

Description

There are many varieties of cultivated rice: Carnaroli is the most consumed rice variety in Italy after Arborio and it was born in the province of Pavia. Rice is cooked in many ways to discover in Pavia's restaurants.
