

Gorgonzola

Italy

Attribution : Gorgonzola

Useful information

Category : Local produce

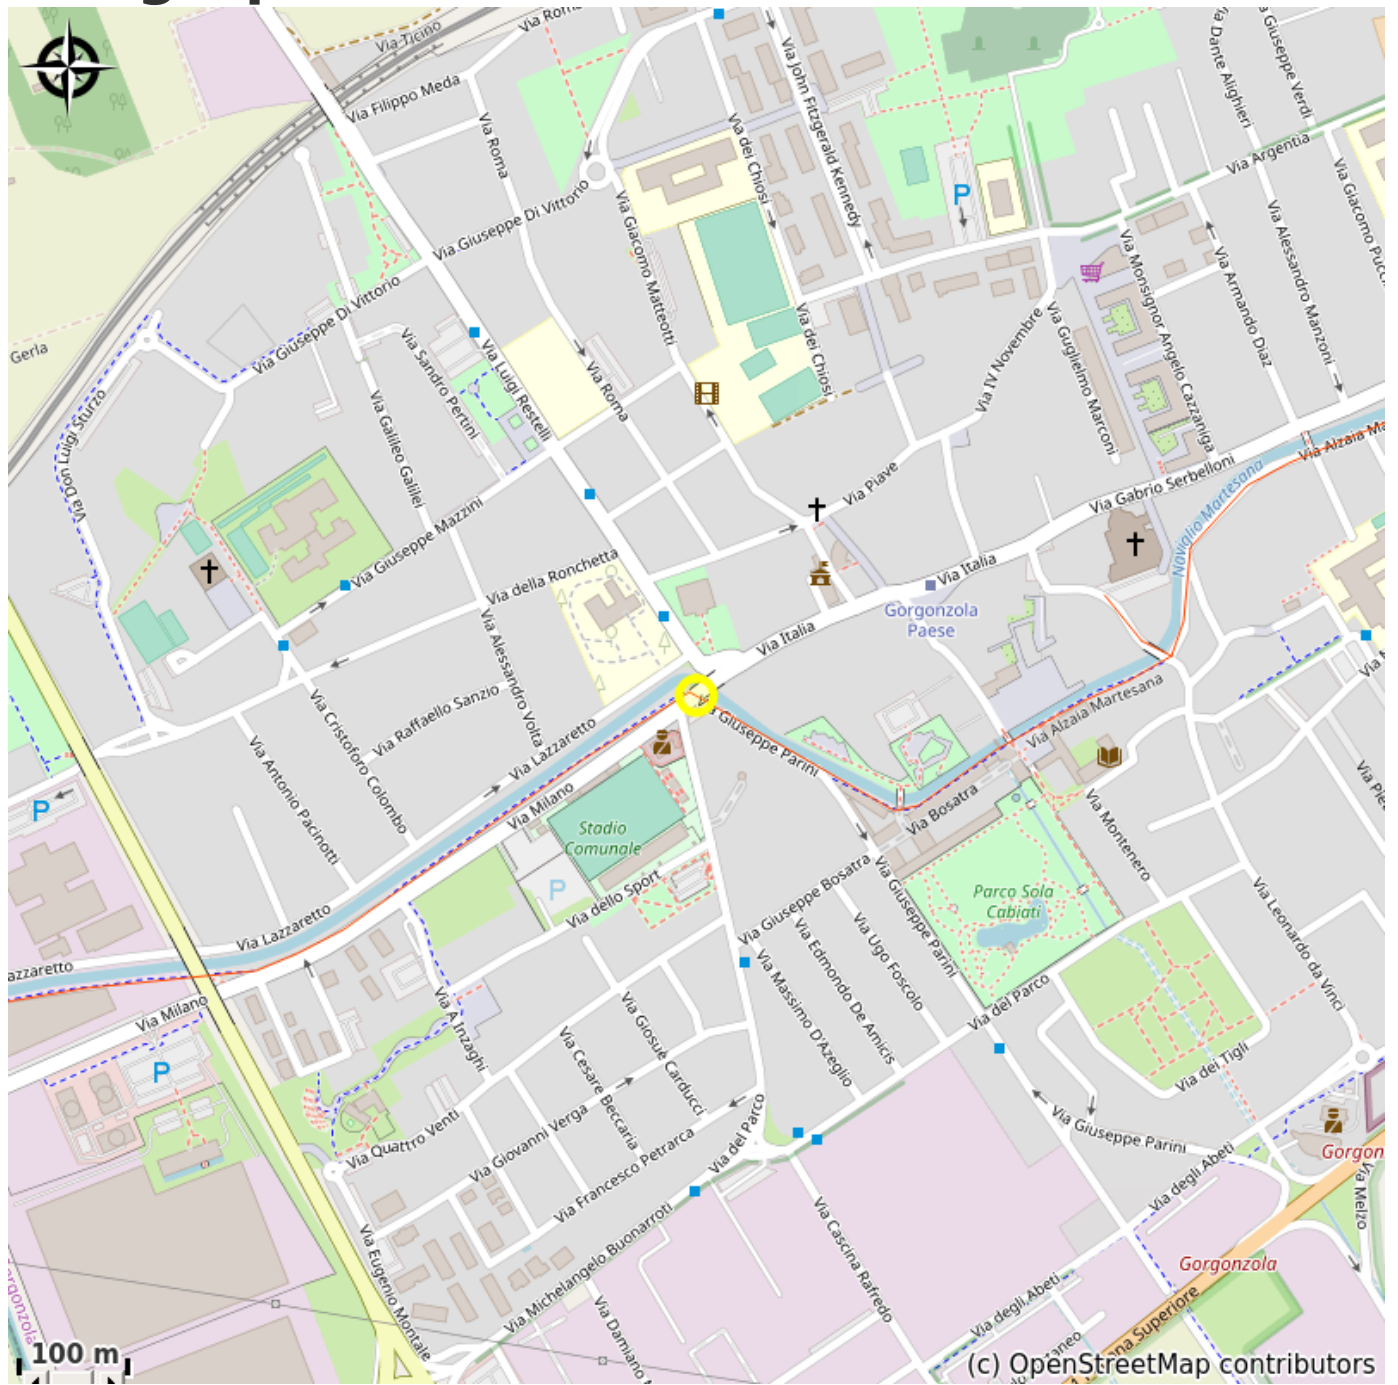

Détail : Dairy product

Gorgonzola is a traditional cheese made in the regions of Lombardy and Piedmont.

Description

The Gorgonzola designation of origin is a cheese made from cow's milk with marbled pastry. In the past, it was made only around the city, but today it is produced in other provinces. It can be eaten in different ways, melted in a risotto or combined with dishes or fruit such as pears.

Geographical location

All useful information

Practical info

To be enjoyed in the city's restaurants.
